

2020 BAS HONOURS LECTURE SERIES

PROJECT OBJECTIVES + DESIGN METHODOLOGY

Impressions and insights from architects, landscape architects, design engineers and urbanists

**SCHOOL
OF
ARCHITECTURE
PLANNING**

UNIVERSITY OF THE WITWATERSRAND

TOPICS AND PURPOSE

The focus of the lecture series is primarily on the **design methodologies** applied by professionals in different fields and working in varying scales of projects/research in the built environment. A secondary theme focuses on the **'Nature of Universities'** and the future of education and research in the higher education sector. The aim is to provide a framework for discussion on the future of the university and its architecture to enable improved teaching, learning and knowledge exchange.
